Butterfly Thunder	Street Pizza	
The Stokers	Balls Out	
Vinnie's Pack	Could Be Trouble	
Slop Counts	Hot Pockets	
Car Bombers	The Gary Colemans	
<p><b>Back to regular play tonight WITH HANDICAPS. Tonight and the following three weeks teams will play all the teams in their division that they have not yet played. Then on August 23 there will be "place play" where every team will play the team just ahead or just behind them in their division standings. The statistics after that week determine the final results for the season. Remember, although there are only 11 weeks in this summer season, the usual rules for Top Shooter eligibility apply. To be eligible for Top Shooter prizes, a player has to have played at least 24 games (8 weeks) and also 2 of the last 3 weeks. Top shooters can only miss 3 weeks in the season and one of the last two.</b></p>		
<p><b>For those who are curious about the outcome of last week's Blue v. Green no handicap matches, of the 10 total matches three ended in a 2-2 tie. Of the remaining seven matches, four were won by blue teams, three by green teams. Only two of the matches went 4-0. So it seems the two divisions are reasonably well balanced. We'll have another round of interdivision play at the Pay Out party, August 30</b></p>
